

5     **WHAT IS CLAIMED IS:**

1.     A bolstered pet bed, comprising:

a)     an outer covering having first and second interior compartments;

b)     an integrated removable cushion having a bottom cushion and a side  
cushion integrally connected to each other by a strip of material;

10           c)     said bottom cushion being in said first compartment and said side  
cushion being in said second compartment;

d)     said strip of material extending between and connected to said bottom  
cushion and said side cushion; and said strip of material having a plurality of spaced-apart  
passageways;

15           e)     strap means for enclosing said second interior compartment around  
said side cushion; said strap means including a plurality of spaced-apart straps extending  
through said plurality of spaced-apart passageways; and

f)     closure means for opening and closing said first interior compartment.

20           2.     A bolstered pet bed in accordance with Claim 1, wherein said strip of material  
is made of canvas tape and has at least four (4) spaced-apart strip sections.

25           3.     A bolstered pet bed in accordance with Claim 2, wherein each of said strip  
sections has a length of 9 inches and a width of 1.5 inches.

5           4.     A bolstered pet bed in accordance with Claim 2, wherein said plurality of passageways includes at least three (3) spaced-apart passageways between said four (4) strip sections, each of said spaced-apart passageways has a length of 2 inches and a width of 1.5 inches.

10           5.     A bolstered pet bed in accordance with Claim 1, wherein said side cushion is semi-circular in shape and has a length of 66 inches and a maximum width of 10.5 inches.

            6.     A bolstered pet bed in accordance with Claim 1, wherein said bottom cushion has a diameter of 32 inches and a depth of 10 inches at the center of said bottom cushion.

15           7.     A bolstered pet bed in accordance with Claim 4, wherein said plurality of straps include at least five (5) straps; wherein three (3) of said straps extend through three (3) of said spaced-apart passageways.

20           8.     A bolstered pet bed in accordance with Claim 7, wherein the length of each of said straps is 2 inches and includes snap fastening means for fastening each strap around said side cushion.

            9.     A bolstered pet bed in accordance with Claim 8, wherein said snap fastening  
25 means include a male snap and a female snap.

5           10.    A bolstered pet bed in accordance with Claim 1, wherein said closure means for opening and closing said first interior compartment are selected from the group consisting of a zipper, male and female snaps, string ties, button elements, hook and loop fasteners, and male and female metal fasteners.

10           11.    A bolstered pet bed in accordance with Claim 1, wherein said bottom cushion and said side cushion each have a filling of polyester fiber.
